** Depends on skirt used and depth adjusted on box

This universal cabinet can be used as a semi recessed or a fully recessed cabinet and fits virtually any wall. The patented design allows the box to be adjusted anywhere from 4-8 inches.

If used as a semi recessed cabinet two trim sizes are available, 2-1/2" trim-skirt and a 3-1/2" trim-skirt which can be purchased separately. Simply attach the trim-skirt to the cabinet or use without as fully recessed. Adjust the box to as little as 4" deep.

(Please check the size of the fire extinguisher and wall depth available)

- Cold rolled 20 gauge steel
- White baked enamel
- Adjustable box
- Selectable trim (skirt)
