Architectural Series Fire Extinguisher Cabinets
Submittal and Detail Sheet

PROJECT: ________________________________
MODEL NUMBER: _______________________
ARCHITECT: ___________________________
DATE: _________________________________
LOCATION: _____________________________
QUANTITY: _____________________________
CONTRACTOR: __________________________
DISTRIBUTOR: Hallmann Sales

SPECIFICATIONS:
All recessed and semi-recessed cabinets and surface-mounted steel cabinets have a heavy gauge, white baked enamel box. Surface-mounted cabinets with aluminum door and trim have a box constructed entirely of clear or color anodized aluminum. Surface-mounted cabinets with stainless steel door and trim have a box constructed entirely of 304 stainless steel with a #4 finish.

Steel and stainless steel cabinets have a full ½" thick hollow metal heavy gauge door. Trims and doors feature one piece construction with satin finish pull handle, continuous matching hinge, and self-adjusting roller catch. Baked white enamel finish is standard for steel units. Stainless steel cabinets have a #4 finish, 304 stainless steel.

Aluminum cabinet doors and trims are extruded or fabricated aluminum with clear satin anodized finish. Aluminum door is ½" thick with satin finish matching pull handle and hinge. Color anodized finishes are available as options.

STEP 1: Select cabinet model number from the dimensions on page 2 and indicate on the top of this sheet. To specify aluminum trim and door, use the prefix, "AL" before the model number. To specify stainless steel trim and door, use the prefix, "SS" before the model number. Note: Rough opening dimensions are larger for fire-rated cabinets. Please refer to separate Fire-Rated Cabinet Submittal and Detail Sheet.

STEP 2: Select Door Style and Door Glazing (if applicable) below:

- Full Panel
- Horizontal Duo
- Vertical Duo
- Solid
- Full Panel with Lar森-Loc®
- Horizontal Duo with Lar森-Loc®
- Vertical Duo with Lar森-Loc®
- Solid with Lar森-Loc®
- Laminated Safety Glass
- Bronze Acrylic
- Gray Acrylic
- (Other)

STEP 3: Indicate Trim and Door Material:
- Steel
- Aluminum (AL)
- Stainless (SS)
- Other (specify)

STEP 4: Indicate Trim Projection Below:
- ¼" Flat Trim
- ½" Square Trim
- 2" Flat Steel
- Pickled Edge Semi-Recessed
- ¼" Flat Steel Stop
- Surface Mounted

STEP 5: Select Optional* Die Cut Lettering Style and Color:

- Vertical
- Horizontal
- Type A
- Black
- White
- Red
- Other

* Die cut lettering is available at additional cost. Standard application of lettering is on the metal section of the door - not on the glazing. Decals also are available and are shipped loose for jobsite application.

† Trimless cabinets must be installed before the drywall because their plaster stops must be behind the drywall. Trimless cabinets are not recommended for block wall installation.

* See back of this sheet or attached sheet for Recessed Handle (required only for 4" return trims when ADA wall projection compliance is necessary)

**FLORIDA DIVISION:**
7421 Commerce Lane N.E., Mpls, MN 55432  Phone: (763) 571-1181   FAX: (763) 571-6900

**NOTE:** Semi-recessed and surface-mounted cabinet compliance with ADA wall projection guidelines depends on several location and installation issues.

**Rough openings are larger for fire-rated cabinets. Please refer to Fire-rated Extinguisher Cabinet Submittal and Detail Sheet.**

* Depth is 4½" when supplied with aluminum door and trim. The AL2409-5R has a 1¼" square trim.

**Note:** Semi-recessed and surface-mounted cabinet compliance with ADA wall projection guidelines depends on several location and installation issues.

Please refer to Fire-rated Extinguisher Cabinet Submittal and Detail Sheet.

---

**OPTIONAL "FIRE" HANDLE**

Optional die cast “Fire” handle is available at additional cost. Natural finish is standard. Optional finishes are red, black, and white.

**OPTIONAL RECESSSED HANDLE**

Optional recessed handle is available at additional cost for Solid, H-Duo or V-Duo Doors. Larsen-Loc® is also available with recessed handle. The recessed handle must be specified with 4" projecting trims in order for the cabinet to comply with ADA wall projection guidelines.
